

One image. Thirteen playable animations.

A source-preserving storyboard of the same supplied Prysai image growing through Motiflux V1 design themes. The source stays recognizable while construction order, motion language, and algorithm explanation change.

The Prysai logo, featuring a stylized 'P' icon followed by the word 'Prysai' in a sans-serif font.

SUPPLIED RASTER SOURCE / IDENTITY LOCKED

ROUTING EXAMPLE

AI-field

Request: I want to make a logo animation for my artificial-intelligence company.

Route: signal convergence / component growth / progressive disclosure.

Animation: blank field -> origin dot -> circular arc -> horizontal bar

-> P / monogram -> Prysai wordmark -> complete Logo. The HTML and GIF are playable; this PDF records growth frames for the same supplied image.

13 routable themes / 1 identity source / 0 geometry edits
